## SHOT HIS WIFE.

The Fiendishness of Arus Zeigler.

Who Boasts of His Crime and Defies Arrest.

It Happens in the Presence of the Victim's Parents.

The Remorseless Husband Profanely Glories in His Act and Hopes His Wife Will Die.

SHELBYVILLE, Ind., Sept. 17.—[Associated Press.] A terrible tragedy was enacted a mile from this city at 3 o'clock this evening. Arus M. Zeigler, a finisher in one of the furniture factories, shot his wife twice. He came to the city and deliberately told of his crime and defied the officers. In a few minutes over 500 persons were after him, and he sought refuge in the private house of Mrs. Deprese, an aunt of his. He was soon captured and taken before J. D. Lacey, justice of the peace, where he stated that he had done the deed in the presence of his wife's parents, just where he wanted to do it.

The following is a history of the affair: Zeigler married Aggie Wilson in 1884, when she was yet scarcely 15. For two years they have not copulated very long, and at frequent intervals the neighbors were compelled to interfere to keep him from beating her. Four weeks ago he knocked her down and otherwise made things hideous at his house. John Knapp rushed in to quell the trouble and Zeigler got his gun and chased Knapp home. In the meantime his wife escaped to a neighbor's house and refused to return. A week later friends persuaded her to live with him, and everything went well until Sunday, September 4, when Zeigler threatened her with violence. She fled to her father's house, and he followed her, taking her two little boys. On Monday she employed an attorney and applied for a divorce and asked for a restraining order to prevent him from going on the premises where she was. She remained hid from him until Saturday evening, when he found that she was at the home of Geo. Benson. Procuring a revolver he went to Benson's house and sought an interview with his wife, but was refused. Later he drove to the home of her parents, a mile from the city. Today he learned where she was and at 3 o'clock went out there. Her father was at the point of death. Zeigler spoke to the sick man about his wife and expressed a desire that he recover from his illness. Finally he shook hands with Wilson, who lay on the bed more dead than alive, and bid him goodbye. Turning quickly to his wife he asked her to withdraw her petition for a divorce, and upon her refusal drew his revolver and shot her in the right breast, the ball, a 38-caliber, passing around and coming out near the spine. A second shot took effect in her arm. He then turned to his wife, who had fallen into his mother's arms, and came to the city and told of his deed. She is probably fatally wounded.

While waiting for his preliminary trial, James Barnett shook hands with him and said: "If I were a woman, I just what I wanted to do—I shot her right in the presence of her father and mother. I intended all right, but I guess I failed."

A reporter then said that it was reported his wife was dead.

"No," he said, "not by a d—n sight. She is too d—n mean to die."

He was placed under a \$5,000 bond, which he soon gave, and is now on the streets as wild as a crazy man.

**ON THE SCANDAL.**

**Help Citizens Preparing to Resist to Force.**

QUARANTINE, Sept. 17.—[Associated Press.] Doctor Sanborn, who returned from lower quarantine tonight reports a new case developed on board of the Scandia. The patient, a woman, has been removed to Swinburne island. She is very sick with cholera and unlikely to live through the night. Bryon received two cases of cholera on board the Bohemia.

P. T. Wall, in charge of the surf boat at Fire Island sent Dr. Jenkins at 9:20 p. m. the following telegram: "I received from the board of health of Islip notice to vacate the premises within three days, and they would call on the citizens of the county to stop the landing of baggage. Col. Carnan, of the militia, says, 'All steamships baggage received here will be properly inspected. We are in every way prepared to give them a warm reception.'"

**Dea. to Officers.**

VINALE, Sept. 17.—News is made public that the day before the shooting of the officers at Sampson Flat by Evans and Sontag, they shot a scout named Matson who was watching them, the ball striking him on top of the shoulder causing a flesh wound and cutting his vest and shirt. A detective named Harry Johnson, Matson's partner, is here and gives this information. Johnson leaves for the hills tomorrow morning. Sheriff Kay having partially recovered from his illness, starts with the posse in the morning.

**DELAY AT GOUR D'ALENE.**

Owing to the Juror's Illness the Court Takes a Recess.

GOUR D'ALENE, Ida., Sept. 16.—[Associated Press.] On account of the sickness of one of the jurors this morning, the court, after disposing of the testimony of Banker DeLashmut, who was asked only a few questions by the defense, took a recess till 9 o'clock tomorrow morning. The sixteen prisoners who were brought down from Wallace a few days ago, and five of the defendants in the action now being tried, were brought into court this

morning and pleaded not guilty. The last lot of prisoners brought down from the mines have been getting but two meals a day and are complaining. The matter was brought to the attention of Judge Beatty, and he will see that they get three meals a day from this on.

**THE MINES ARE ALL RIGHT.**

Concerning the Shutting Down of the Tin Mines.

LOS ANGELES, Cal., Sept. 17.—[Associated Press.] A dispatch from the Associated Press of the Temescal tin mines, was asked by an Express reporter today regarding the report from Riverside that the mines had shut down because of lack of funds. "It is true," said Purcell, "that work has been suspended at the mines. I have not, however, been authorized to say what the future proceedings of the company will be but it is not true that the company is unable to pay any demands against it. There were thirty-five men working in the mines when work was stopped on the 15th inst., and all claims will be paid in this city on Monday next. You may say that the future will show that the mines are very valuable property."

Purcell declined to say whether work would be resumed.

**A FIGHTING CHANCE.**

Is All That Remains to the Wife of the President.

LOON LAKE, Sept. 17.—[Associated Press.] This is the most favorable day Mrs. Harrison has experienced since she was stricken down with pleurisy and physicians express confidence this evening of her recovery from particular complications. They gravely admit, however, the terrible seed of consumption is still present and apt to continue a steady inroad on her constitution. The manner in which she overcame the attendant complication encourages them to the belief that she still has a fighting chance against the more serious malady with which she is afflicted.

The report that she has cancer of the stomach is emphatically denied by both Dr. Doughty and Dr. Gardner.

**THEY ARE GETTING WARM.**

A Posse on the Track of the Desperate Train Robbers.

FRESNO, Cal., Sept. 17.—[Associated Press.] A special train Fresno Republican from its correspondent at Simpson Flat is as follows: Sheriff Hensley was elected captain of a party of officers now guarding all trains and expect to capture Evans and Sontag by tomorrow night. Blood was found on corn leaves near Youngs and there is no doubt that Sontag is wounded. Evans and Sontag are together, and Sheriff Hensley expects to find them at Broder's mine. The posse will make a determined fight.

**Colorado Miner Killed.**

TELLURIDE, Colo., Sept. 17.—Richard Bartell, a carpenter in the Sheridan mine, was killed while going from the tunnel through the shaft to the mine on a cage. The cage started suddenly and Bartell fell, but was caught by a projection and dragged upwards for about fifteen feet, and then he dropped head foremost to the bottom of the shaft, 100 feet below. Death resulted instantly.

**Concerning Immigration Restrictions.**

WASHINGTON, Sept. 17.—Secretary John W. Foster will leave tonight for Loon Lake to confer with the president in regard to the letter of Mayor Grant requesting the president to take some steps to restrain immigration during the cholera epidemic.

**Cholera or Water?**

SANDY HOOK, Sept. 17.—The steamer Scandia hosted a yellow flag this afternoon. Water famine is prevailing on board the steamers and the flag may only indicate that relief is required in that respect.

**More Favorable at Hamburg.**

HAMBURG, Sept. 17.—Official cholera statistics for yesterday place the number of new cases at 276 and the deaths at 136. Doctors believe the general situation more favorable.

**AWAITING INSPIRATION.**

**Judge Baxter Poses as Solomon But is Perplexed.**

George Cable, the Little Waif, Claimed by two Mothers but is Held by Foster Parents.

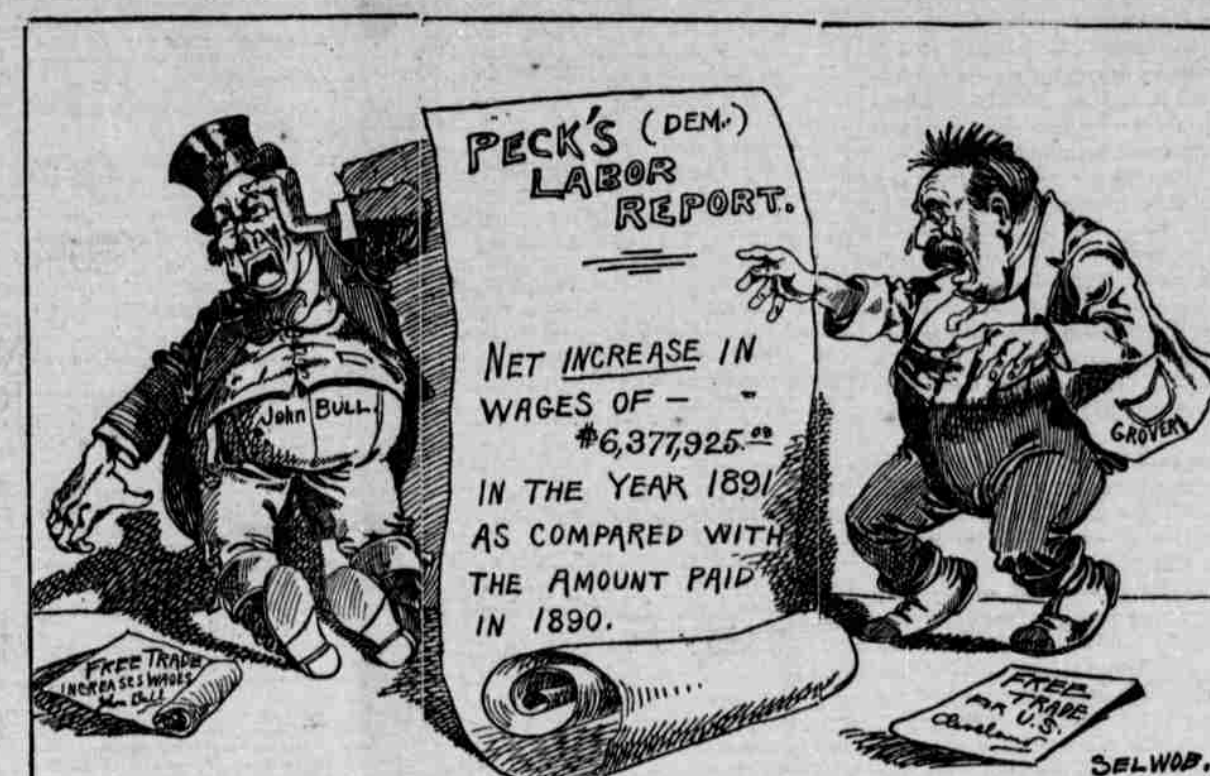

Although Frank Baxter, probate judge, has always been noted for the wisdom of his conclusions likewise for promptness of decision he admitted himself sorely perplexed yesterday when John Fields and wife wanted to adopt the little waif claimed by both Mr. Cable and Foster Parents.

As neither woman would concede that the child belonged to the other Judge Baxter looked through his extensive library for some authority on the subject but found nothing till he reached an ancient volume which cited the case in which the celebrated Judge Solomon tested the right of ownership of a child by placing it in life in peril of the sword. A Damascus blade was ordered but upon closer scrutiny it was found the authority, although a good one, had been superseded by Grace, a later dispensation.

Finally Judge Baxter decided to wait for further inspiration. Mrs. Cable says it will not be difficult for her to prove her identity as well as that of little George by at least five competent witnesses, including two physicians and her nurse during confinement.

The little boy, who a few days ago had no home or shelter except the canopy of heaven and nothing to eat except the crumbs from a dissolute woman's table, has suddenly come into such prominence that he is claimed now, not only by his two mothers, but has learned to call another good Christian woman by the name mother, the dearest term to human known.

It has been suggested that as both women seem willing to let John Fields adopt the child, that they jointly sign as mothers of the infant, thereby giving a quit claim title to the little innocent.

Winners were put in the field yesterday. The Republican county convention held at the opera house was the largest, most harmonious and enthusiastic political body which has ever assembled in Maricopa county. It was called to order at 10 o'clock by Chairman Morford of the county central committee, who after a brief address on the subject of the duty of all true Republicans announced the purpose for which the body had assembled. Secretary Wood read the call, after which Judge Earley placed W. L. Van Horn, of Tempe, in nomination for temporary chairman. Mr. Van Horn's nomination was made unanimous, and on taking his seat he said, "It is unnecessary for me to harangue you; we have come together today for the purpose of nominating a winning ticket. The best men available will be chosen and success is certain. Never before in Maricopa county has the Republican party opened a campaign under so favorable circumstances. Geo. Beardsley of Frog Tanks was made temporary secretary."

The next thing in order was the appointment of the usual committees. The committee on credentials was made up of Thos. D. Malloy, Thompson Walker, J. J. Hodnett, J. A. Cuber, J. D. Monahan.

The members of the committee on permanent organization and order of business were J. B. Earley, Sylvester Moore, J. B. Woodward, F. A. Hartwell, and W. F. Johnston.

It was decided to defer the matter of appointing a committee on platform and resolutions until a permanent organization had been effected and the convention took a recess until 1 o'clock.

On re-assembling the committee on credentials submitted the following report:

This was received and adopted and Chairman Early of the committee on permanent organization offered the following:

The following report was submitted by the committee on permanent organization and order of business:

Mr. Chairman—Your committee beg leave to report as follows: We recommend for permanent chairman W. C. Deputy, and for permanent secretary W. S. Mills.

We further recommend that a committee of five be appointed by the permanent chairman on resolutions, to report forthwith to the convention.

We further recommend that on rules of order we adopt Roberts' manual. We further recommend that nominations be made in the following order: First, the nomination for councilmen. Second, the nomination for assemblymen. Third, the nomination for sheriff. Fourth, the nomination for probate judge. Fifth, the nomination for district attorney. Sixth, the nomination for treasurer. Seventh, the nomination for assessor. Eighth, the nomination for surveyor. Ninth, the nomination for supervisors. Eleventh, that the various delegations from the several justice precincts report to this convention the names of their candidates for justice of the peace and constables for endorsement.

We further recommend the appointment of a committee by the permanent chairman to consist of nine members from Phoenix, five from Tempe two from Mesa and one from each of the other voting precincts, said appointments to be made upon conference with the various delegations.

All of which is respectfully submitted.

J. B. EARLEY,  
Chairman.

Permanent Chairman Deputy was escorted to the chair and made a brief but sensible talk upon the present political exigencies after which he announced that the chair was ready to proceed.

He appointed the following committee on platform and resolutions: W. S. White, John Y. T. Smith, Geo. Beardsley, H. H. McPhaul and Sylvester Moore.

A half hour recess was taken to allow the committee to prepare the resolutions and in the mean time a caucus of the delegates was held for the purpose of facilitating business.

Dr. W. L. Woodruff had been selected as permanent secretary in the place of W. S. Mills, who had been recommended by the committee on permanent organization.

At the end of half an hour the body reconvened and the report of the committee on resolutions was handed in. It is as follows:

To the Chairmen of the Republican County Convention, Assembled in Phoenix, September 17, 1892:

We, your committee on platform and resolutions, beg leave to submit the following report:

We, the Republicans of Maricopa

county in convention assembled, do hereby renew our allegiance to the grand principles of the Republican party as enumerated in the platform adopted at the Minneapolis convention held in June, 1892. We hereby endorse the name of Benjamin Harrison for president and Whiteley Reid for vice-president, and under their leadership we have full confidence that the prosperity and integrity of the United States will be maintained, both at home and abroad, in the future as in the past.

Further, we cordially endorse the nomination of W. G. Stewart for delegate to congress, and Geo. Clough for councilman-at-large, and pledge to them our loyal and unswerving support.

Respectfully submitted,

JOHN Y. T. SMITH,  
H. H. McPAUL,  
SYLVESTER MOORE,  
Geo. BEARDSLEY.

The report was received with loud applause, particularly those parts in which reference was made to the presidential and vice presidential candidates and that which related to Hon. W. G. Stewart and Hon. Geo. Clough's candidacy.

Here Mr. Mills moved a reconsideration of that feature of the report of the committee on permanent organization which recommended the appointment by the chair of the members of the central committee in conjunction with the several delegations. He moved to substitute a committee of seven to be appointed by the chair and which should make a selection of the central committee.

Captain Hancock and Judge Earley vigorously opposed the motion, and Judge Earley, chairman of the committee on permanent organization, explained that the real meaning of the objectionable feature of the report was that the office of the chair was to simply announce the recommendations made by the delegations entitled to representation on the central committee. Mr. Mills' motion was laid on the table and the convention proceeded to the regular order of business.

The first thing was the nomination of a candidate for the council. Walter Talbott offered the name of Hon. John Y. T. Smith. The convention nearly went wild and with a roar the nomination was made unanimous.

Mr. Smith begged to decline and urged a rest from political life earned by long years of service. C. W. Johnston replied that Mr. Smith was too good a Republican to neglect the call of his party.

The nominee gracefully accepted the gift and pledged his best effort for the success of the party.

For the assembly there were placed in nomination Judge Street by C. W. Johnston and Jas. F. Watson by W. L. Van Horn. Both nominations were made by acclamation.

Judge Street replied in a spirited address.

For the two remaining offices of assemblymen there was nominated Jas. A. Marshall, W. C. Deputy, Vin. A. Hancock, John Hodnett and O. L. Pease.

The result of the ballot was Marshall 37, Deputy 9, Hancock 13, Hodnett 13, Pease 35, John O. Dunbar 1.

The nominations of Messrs. Pease and Marshall were made unanimous.

The nominations for sheriff were next reached. The name of James Gant was offered by Judge Earley. J. D. Monahan suggested the name of Chas. W. McFarland and C. W. Johnston placed Thos. Boyle in nomination. The nominating speeches which accompanied the convention and the issue which was there could be no doubt that the candidate would be a strong and worthy man.

On the first ballot Gant received 19, McFarland 25 and Boyle 12. There being no choice the count was renewed with Boyle out and on the second ballot McFarland was nominated by a vote of 32 to 25.

For recorder L. J. Wood was nominated by Judge Woodward; Walter Talbott nominated R. F. Kirkland and Mr. Smith offered the name of F. W. Sheridan. On the first and only ballot Sheridan received 29 votes, Wood 14 and Kirkland 12. The nomination of Sheridan was made unanimous.

Frank J. Peck received the nomination for probate judge by acclamation.

Hon. Jerry Millay was placed in nomination for the office of district attorney. A motion to make his nomination by acclamation was received with uproarious applause and which Mr. Millay could be seen in the rear of the hall endeavoring to be heard. He was trying to decline, but C. W. Johnston declared that he was out of order, not being entitled to a seat in the convention. The noisy motion was passed and Mr. Millay came to the front. He thanked the convention for the honor conferred upon him. He could under no circumstances accept the nomination, but he could and would work

earnestly for the success of the ticket now being placed in the field.

This nomination was passed as was that of a candidate for treasurer.

For assessor, Chas. Williams was nominated by acclamation, and Burt Robinson was similarly nominated for the office of surveyor.

For supervisor, Cap. Hancock moved the re-nomination of J. T. Priest by acclamation and on motion of C. W. Johnston, Jas. Bark of Kyrene was similarly nominated.

Next in order was the appointment of a central committee and the ratification of the nomination of precinct officers.

The delegations segregated themselves and formed organizations for that purpose.

It had now grown late and this work, though of not less importance to the success of the campaign was conducted with dignified dispatch and in half an hour the delegations were ready to report to the convention.

The members of the committee returned from Phoenix are H. H. Wharton, Geo. W. Bernard, J. J. Wood, J. D. Monahan, R. A. Lewis, Jas. McMillan, J. B. Woodward, H. E. Kemp and Frank Shirley.

Tempe—E. G. Frankenberg, Sam Brown, W. L. Van Horn, A. J. Peters and W. S. White.

Mesa—Chas. Barnett and W. A. Kimball.

Highland—Jas. Williams.

Orme—Geo. Anderson.

Orme—Jas. Bark.

Lehi—H. Simpkins.

Kyrene—J. J. Hodnett.

Johnstone—W. Johnston.

Cartwright—S. S. Green.

Frog Tanks—S. B. St. Clair.

Enterprise—John Mullens.

Gila Bend—J. C. Rowley.

Jordan—W. W. Dobson.

Backeys—U. G. Williams.

Glendale—C. W. Mills.

Lower Gila Bend—John C. Anderson.

Peoria—W. McDermott.

Verde—Leon Bouvier.

Cave Creek—Wm. Widmer.

Hendaville—L. W. Morgan.

There are other precincts to be represented but the new central committee was invested with the power to appoint the members from these districts.

Next in order was the ratification of the precinct officers.

Before the Phoenix delegation there had been three candidates for the office of justice of the peace, H. L. Wharton, W. M. Nichols and T. J. Hill. Nicholls received 13 votes, Wharton 26, and Hill 23 votes. Wharton and Hill were declared the nominees. S. L. Saunders and Julio Marron were nominated for constables.

The nominees of Tempe precinct were F. B. Austin and Frank Marmalejo for justice and F. A. White and W. W. Fellows for constables.

For Kyrene, justice of the peace, Geo. F. Tiffany and for constable, Arrow-smith.

All these nominations were ratified and as the list was not full the central committee was given full authority to make the nomination.

In the case of Gila Bend precinct there were two candidates for the office of constable, H. H. McPhaul and A. R. McCambly. Both men were delegates from that precinct in the convention which declined to act as arbitrator but placed the matter in the hands of the central committee.

The offices of treasurer and district attorney which had been passed in their regular order after being brought up and Frank Kirkland was nominated for the first and R. S. Peley for the latter. Both nominations were made by acclamation.

Only one thing now remained to be done, to select a chairman for the central committee. Judge Earley recounted the eminent services of Judge Woodward as president of the Republican league, his untiring zeal for everything Republican. He also recalled the past services of Mr. L. J. Wood as secretary, and along with Judge Woodward's election to the chairmanship moved the continuation of Mr. Wood as secretary of the new committee. Both gentlemen were unanimously elected.

Everything that had been set for the convention to do had now been done and it was adjourned sine die.

Although there had already been a movement in the direction of Republican supremacy in Maricopa county the era had not been fully marked until yesterday. The convention is the dividing point between the old order of things and the new, and every man who went out of the hall last night went out with the conviction that the real work of the convention would be crowned November 8.

There were several things contributory to the success of yesterday's deliberations.

The convention was a dignified body and appeared doubly so by comparison with the Democratic convention which had assembled in the same hall only two days before.

Chairman Deputy made an excellent presiding officer and was aided by the services of Dr. W. L. Woodruff as secretary.

The musical selections rendered by the Club Filarmonico greatly stimulated the enthusiasm which the members of the convention brought with them.

Another thing which must not be overlooked is the membership. A more earnest and intelligent body of men never before assembled in Phoenix and any one of them would grace any deliberative political body.

The surroundings and decorations of the hall naturally warmed the hearts of Republicans. The stage was handsomely draped in National colors. In the foreground was a handsome carpet of red, white and blue, and against a background of stars and stripes shone out the faces of Harrison and Lincoln.

The work of the convention is of lasting benefit to Maricopa county. Every man put up is a winner and a better selection would have been a political impossibility.
